

Ecolint Secondary School:
A world of opportunities for your child

Welcome to Ecolint

Since its founding, over 100 years ago in 1924, our school has been committed to providing an educational experience that is both globally relevant and deeply personal. Rooted in a vision of peace, intercultural understanding and innovation, we strive to nurture the potential of every student.

As your child transitions into adulthood, our dedicated teachers guide each student to flourish both personally and academically, equipping them with the skills and competencies needed to access the best universities in the world and providing tailored advice for their career choices.

- > A vibrant, multicultural community fostering creativity and curiosity
- > A bilingual education (French & English) from an early age
- > An engaging educational experience where each child is valued and supported, led by specially trained teachers from age 3 onwards
- > A vast Alumni network worldwide, fostering lifelong success and connections, beyond your years at Ecolint

“

My experience at Ecolint was diverse and enriching, allowing me to meet people from around the world and become more open-minded. The knowledge I gained during my International Baccalaureate (IB) was invaluable when I started my bachelor's in physics at EPFL and now as a postdoctoral research fellow at Harvard Medical School.

”

Ecolint Alumna

Why do students and families choose Ecolint?

We provide an enriching experience both inside and outside the classroom, helping each student to flourish in their own unique way. With a focus on nurturing their individual strengths, supporting their passions and providing a cutting-edge excellence in education, we create an optimal environment that encourages them to reach their full potential.

Language pathway

At Ecolint, our language pathways nurture multilingual learners by offering flexible, campus-specific options that promote fluency, cultural understanding and academic success. Whether through bilingual instruction, the International Baccalaureate Diploma or the *Maturité Suisse*, students are empowered to pursue a global education in the language(s) that best reflect their strengths and aspirations.

“

Without Ecolint, our family would have never relocated to Switzerland. I chose the school not only for its strong academics but for its commitment to inclusion and support, even those with difficulties. Knowing my daughter would be in an environment that nurtures her potential gave me the confidence to make the move. Today, we couldn't be happier!

“

Ecolint gave me the foundation to flourish from an early start in life. The school's rigorous and well-rounded education challenged me to think critically, persevere and develop the skills needed to succeed in any path I chose.
